About the Foundation 6

## A Note from the Board

Over the years, our organization has continued to support legislation and distributed donations to increase search and rescue efforts across our region.

As we look to future, our board has been working strategically to increase brand equity and awareness of the Scott A Freund Foundation. We long to serve our region for years to come.

The question is, where do we go from here?

With our involvement in Texas Boating Week as well as ongoing initiatives, we are continuing to expand our impact throughout the area.

Our ongoing goal remains the same: to serve the over 500,000 boat owners in Texas. We work to ensure everyone has an incredible day on the water.

# Our Goal

## About the Foundation

Our purpose, mission, and areas of focus.

February 28th is a day we'll never forget. Scott was a dedicated dad, loving son, and loyal friend to many. He was an active member of St. Elizabeth Ann Seton Catholic Church. His hobbies included golfing, hunting, fishing, and avidly supporting the Texas Longhorns. Scott is survived by his wife of 21 years, Kim; daughters, Lindsay and Alexis; Parents, Georganne and Robert Freund; Brothers Kenneth (Jill); Britt (Kay); Matt; Pat (Amy); uncles and aunts, along with many nieces, nephews, and cousins.

Scott's family and friends shall forever treasure their memories of his great smile and infectious laugh, which attracted him to many friends, family, and business associates. The family extends heartfelt thanks to all dedicated volunteers who spent countless hours in the search and recovery effort. Because of this tragedy, the family has decided to create the Scott A. Freund Memorial Foundation.

## Search and Rescue

Proceeds of our organization are donated to various search and rescue organizations throughout the region. In honor of Scott, many of the search and rescue vehicles donated bear his nickname, "Charlie."

## Boater Safety

Life jackets could prevent nearly 86% of boating fatalities. We work to educate on boating safety to see that each recreational vehicle has life jackets per person and a safety lanyard.

## Conservation

Conservation seeks the sustainable use of nature by humans, for activities such as hunting and fishing. We partner with area conservation organizations and promote best conservation practices.

**In Texas there are over 500,000 boat owners. We work to ensure everyone has an incredible day on the water.**
